Summer provides fun

By: Kayla Tschetter

Summer has flown by fast this year. The warm weather, fun summer days, and family vacations are now gone for another year. Summer is a time when students get a nice break from school work, and when teachers get away from grading. Even though the summer is gone it's never too late to hear what the students of JVC did for their break. There were many summer activities that students and teachers enjoyed. Some students enjoyed serving in a ministry. Jon Hofer said, "I had fun counseling at Byron Bible Camp." Others spent quality time with family. Marriah Hood said she went to Valley Fair and a family reunion. Mr. Knight also

said he enjoyed, "spending time with my brother." Overall, this summer provided fun for everyone.

Students get wet

Last Monday the student council held a dress down day for the 7-12 graders. During the last block the students were let out of class to participate in water games. A member of the student council said they did the games to try and bring the student body closer together. The students said they really enjoyed getting out of class and going outside and getting wet. The games really made going back to school fun. Students agree that whatever the student councils plans next will be great!

It's that time of year again as Huron plays host and welcomes the 124th South Dakota State Fair which is a major attraction to the Huron region. Communities across the state will come together to celebrate the rural way of life. This end-of-the-summer festival is a celebration of the season where South Dakotans can enjoy the last few weeks of warm summer weather while fall is around the corner. The 5-day event has nearly 400 vendors and truly offers something for everyone. From corn dogs to cotton candy and carnival rides, visitors of all ages will enjoy the variety of free entertainment throughout the week. The community has worked hard all year to make this a special event. Be a part of it by welcoming all of the fair goers to Huron. After all these years, "We're Still the One."

How come you don't ever see a black crow killed on the highway?
